

WHEN SCALE MATTERS

CD CLIVE DANIEL HOME

CLIVE | DANIEL
HOME

Clive|Daniel Home made its grand debut in November 2011 with a flagship store in Naples, setting a new standard in luxury design. Spanning 87,000 square feet over two levels, the store featured over 130 visual concepts, including a lighting studio, linen shop, rug boutique, and an espresso wine bar, all embodying its expansive vision.

A decade later, this vision has evolved significantly. From a modest team of 11, Clive|Daniel Home has grown into a dynamic force of 322 talented individuals, continuing to elevate its offerings and scale new heights annually. The showroom, now a beacon of style, has expanded its footprint and enriched its inventory, symbolizing relentless growth and innovation.

The journey extends beyond Naples, with successful showrooms in Boca Raton (2015) and Sarasota (2022), and a new venture in Fort Myers (2023). CEO and co-founder Daniel Lubner reflects, "Starting out, we lacked basic necessities but had a grand vision and a talented team. Today, we surpass \$45 million in inventory and continue to thrive."

Clive|Daniel Home combines imaginative design with unparalleled service, utilizing advanced technology to visualize home renovations and bring even the most fantastical ideas to life. Their luxury staging has generated billions in housing revenue, establishing them as a leading name in Florida's design landscape.

Welcome to Clive|Daniel Home.

when SCALE MATTERS

Clive|Daniel Home is delighted to present our latest magazine, where the theme of “scale” takes center stage. Within these pages, experience how the artistry of scale unfolds, guiding you on a visual journey that highlights the grandeur and precision of our signature approach to interior design.

Every project and installation is a testament to our dedication to crafting spaces that surpass expectations. From the meticulous micro-scale details that add character to every nook, to the grand-scale brilliance that transforms entire living areas, we showcase the harmonious interplay of size and proportion.

For us, scale is more than a design concept—it’s a guiding principle that ensures every element finds its ideal place in the symphony of the spaces we create. Discover how we push the boundaries of design, embracing limitless creativity. As we explore diverse aesthetics and styles, the concept of scale becomes a dynamic force, shaping environments that resonate with individuality and sophistication.

By playing with scale, we elevate the ordinary to the extraordinary. An oversized chandelier becomes a statement of opulence, while intricate details on a custom-built coffee table add depth and character. Each element, whether grand or subtle, contributes to a cohesive narrative that epitomizes refined living.

As you delve into the captivating visuals and narratives ahead, let the theme of “scale” inspire your journey into elevated design. Welcome as we celebrates scale, precision, and the timeless elegance that defines Clive|Daniel Home.

SCALING NEW HEIGHTS

Expanding Our Vision to Elevate Your Possibilities

In 2023, Clive|Daniel Home expanded its brand with a new 48,000 sq ft showroom in Fort Myers and a 175,000 sq ft headquarters and warehouse facility. This milestone underscores our commitment to exceptional interior design. From Naples' coastal elegance to Boca Raton's vibrancy, Sarasota's cultural richness, and now Fort Myers, our influence scales new heights across Florida.

Scaling up means more than increased operations; it's about enhancing service quality. This expansion allows us to serve a broader customer base, boost production, and strengthen market presence while maintaining high standards. Our state-of-the-art warehouse

ensures efficient and timely deliveries. We ensure each piece is unpacked and inspected before delivery. Our logistical capabilities are second to none.

Thoughtful scaling preserves our brand reputation and builds lasting trust, ensuring long-term success. Prioritizing customer experience and satisfaction is essential as we grow. By delivering products and services that exceed expectations and providing excellent customer service, we foster brand loyalty.

Clive|Daniel Home's dedication to logistical excellence, expansive reach, and unwavering quality keeps us at the forefront of the interior design industry.

A NEW VIBE
Clean Lines, Bold Textures, Urban Spirit

Craftsmanship meets innovation, this custom wall feature illuminates the space, merging ambient light with the natural beauty of bespoke design—each detail a work of art that transforms ordinary into extraordinary.

Designing model homes and curating spaces allow our talented designers to fully express their creativity in designing environments with artistic freedom. Their approach emphasizes unique backgrounds, built-ins, textures, lighting, color and so much more.

This model reflects a clean, modern design aesthetic with a fresh vibe and urban spirit, combining textures, brilliant lighting, and natural elements for a visually engaging experience. Warm wood tones harmonize with a cool color palette of soft whites, deep charcoals, muted greens, and crisp blacks, creating a luxurious yet relaxed atmosphere.

From patterned wall paneling to beamed ceilings and custom flooring insets, every design decision is carefully selected to enhance the space's allure. The great room features a chic backlit entertainment wall with raised wood panels, and floating cabinetry, while the master bedroom boasts a striking wallpaper with gold veining against a coffered ceiling.

Our designer's ability to seamlessly blend design elements results in a home that is both stunning and incredibly inviting. Model homes not only serve as inspiration for contemporary living but also highlights the exceptional talent and innovative spirit of our design team.

A showcase of creative talent and luxury model home design.

Blending mid-century modern with Japandi aesthetics creates a sanctuary of serene simplicity and warm minimalism. Each element is thoughtfully curated to balance elegance, comfort, and tranquility.

EMBRACING BOTH WORLDS

Scandinavian Simplicity Meets Japandi Serenity

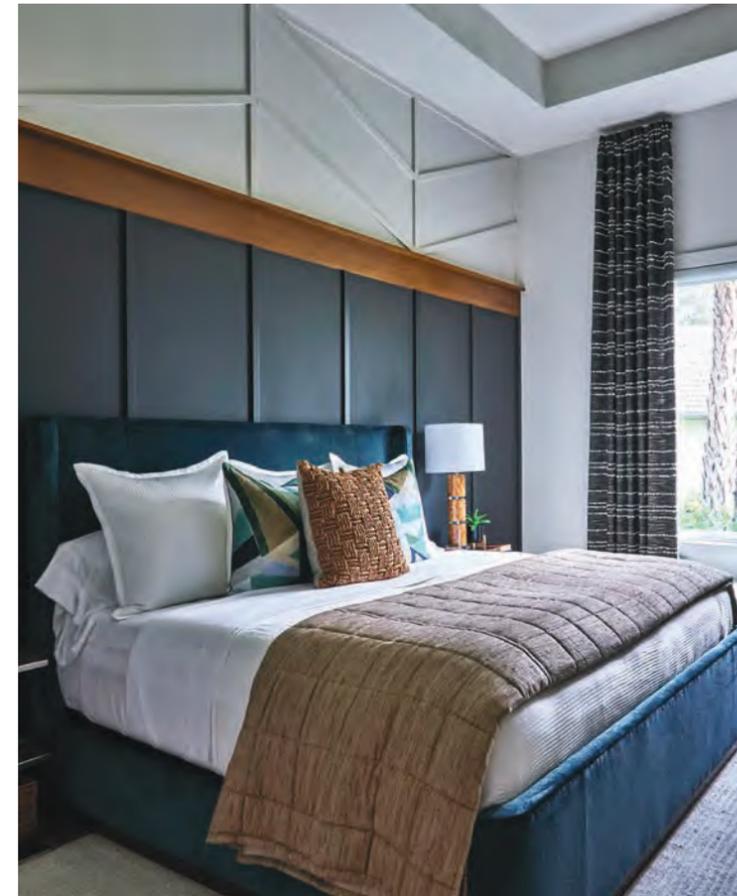

This award-winning home blends the essence of Mid-century modern with the serene simplicity of Japandi aesthetics achieving a harmonious balance in this home's design. The result is a space that is simultaneously clean and inviting, rustic yet contemporary, and peaceful yet embracing.

Successful in creating warm minimalism with maximum ambiance, each room boasts its own unique feature wall and specialties, maintaining an organic California-chic vibe seen in the open living and dining space. Fluted detailing and eye-catching elements are strategically placed enhancing the overall aesthetics adding to the inviting atmosphere.

Culinary comfort and space were top priorities during the kitchen design process. Featuring two generous islands, the

designer didn't just settle for the typical two-tone cabinetry; but selected three beautiful colors for the cabinets: soft white, warm green and rich walnut. Cosentino's Silestone in Ethereal Glow was chosen for the kitchen's countertop surface due to its subtle movement, white background and occasional amber shading. The color serves as a subtle backdrop and an ultra-clean contrast with the earthy, organic-inspired mahogany cabinetry.

A solid walnut strip off the second prep island infuses creativity and functionality to this space—the perfect place for dining-height seating. Leather stools at the island are wonderfully spill-friendly though still luxurious. Beautiful yet highly functional, this gourmet kitchen seamlessly houses a Sub-Zero refrigerator, freezer and wine storage tower with beverage drawers. Two Bosch dishwashers and a Wolf eight-burner range offer additional culinary delights. For more photos of this home visit on our on-line portfolio at clivedaniel.com.

According to the designer *“Every kitchen needs to be designed for the people who will be living there, it’s all about the end user.”*

IN A CLASS BY ITSELF
Modern Farmhouse Elegance Meets Contemporary Flair

Typical of modern farmhouse, calm peaceful living spaces evoke memories of simpler times by layering a restrained muted color palette with contrasting black and white. Various wood tones and subtle textures bring visual depth and interest. But, there is an edgy energy created by the introduction of modern fixtures, finishes, and furnishings, feeling more like evolution than an intentional mixing.

In the great room, the massive volume of the ceiling is grounded by painted scissor trusses. Rustic charcoal brick and warm wood tones are repeated from the wine niche and the floor to ceiling fireplace surround. Store front glass encloses a cozy study allowing you to enjoy the outdoor living spaces while you work.

The kitchen features stained and painted cabinets, Bianco Dolomite quartz countertops, an artisanal tile backsplash and professional Blue Star appliances. A second island, wine niche and wet bar with gleaming brass and glass shelves inspire you to entertain!

The primary suite features a soaring vaulted ceiling with painted box beams and separate his and hers baths, each with its own walk-in closet. His embraces masculinity with rustic wood, slate tile and matte black fixtures. Hers has more of a boutique feel suggested by polished porcelain and marble, a makeup vanity and glass enclosed shower and water closet. For more photos visit our on-line portfolio at clivedaniel.com.

“There is an edgy energy created by the introduction of modern fixtures, finishes, and furnishings, feeling more like evolution than an intentional mixing.”

When it comes to curating every aspect of your dream abode, there's simply no better destination than Clive|Daniel Home!

Award-WINNING SHOWROOM

COLOR
COLOR
COLOR

COLOR TAKES CENTER STAGE

Color is the star performer in any space, dictating mood and style with its nuanced hues. In interior design, it creates harmony, highlighting architectural features and influencing perception of size. Whether bold and vibrant, or soft and calming, color sets the stage, evoking emotions and transforming environments into personalized sanctuaries.

CD

TRENDSCAPE

Year after year a new surge of design trends emerge, where some solidify their status as timeless classics, and others gracefully exit the stage. At Clive|Daniel Home, our expert team excels in the art of trend anticipation, skillfully discerning which styles will withstand the test of time and seamlessly integrating them into designs with everlasting appeal. Whether you're gearing up to adorn, renovate, or construct your dream residence in the opulent locales of Naples, Boca Raton, Naples, or Fort Myers, it's prudent to contemplate how the trends of the current year can be woven into the fabric of your envisioned masterpiece. With our keen eye for timeless design, we ensure that your home transcends fleeting fads, embodying a style that stands as a testament to your own enduring individual lifestyle.

DESIGN CONCEPTS

STYLE & INNOVATION SHAPING LUXURY LIVING

TENDER *Living*

Tender Living, the latest trend in interior design, embodies a commitment to care and well-being, extending to ourselves, others, and the planet. It emphasizes the creation of a secure, calming, and affirming atmosphere, drawing inspiration from both nature and human emotional nurturing.

Colors are reminiscent of natural elements such as the greens of grass, browns of earth, and blues of skies, evoking a sense of regeneration. Surfaces are natural, organic, unrefined, and unfinished, featuring fluted surfaces, organic waves, and etched tactility for a multi-sensory experience. Touches of animal patterns are welcome as well.

Shapes are unpretentious, uncomplicated, rounded, flowing, and delicate, embodying a natural aesthetic. Key elements include velvet upholstery, plush rugs, and tactile fabrics, all contributing to a sense of warmth and serenity.

In the realm of interior design, Tender Living is a fusion of Biophilic design and Scandinavian minimalism, resulting in an organic modern style. Embracing imperfection is key, reflecting the variations found in nature. Overall, Tender Living is welcoming, rejuvenating, healing, and sheltering, breathing new life into an individual's heart, mind, body and soul.

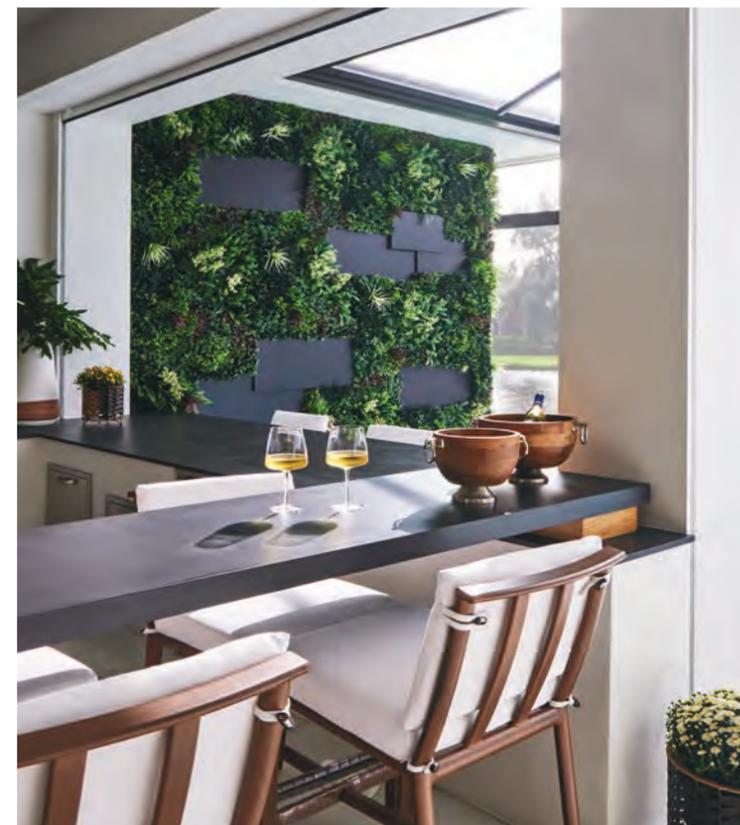

COASTAL *Retreat*

Drawing inspiration from the serene Coastal landscapes, this design philosophy centers on capturing the essence of waterfront beauty and natural surroundings. The palette for coastal outdoor spaces is derived from the soft hues of sand, the blues of the ocean, and the greens of coastal flora. The goal is to create an inviting atmosphere that encourages relaxation and socialization.

Functional elements like fire pits, outdoor kitchens, and shaded areas are thoughtfully incorporated to extend the usability of the space. Plant selections, including dune grasses, succulents, and native perennials, are chosen for their ability to thrive in coastal conditions.

Overall, the transformation of your outdoor space into a Coastal inspired home involves a blend of aesthetics, comfort, and practicality, ensuring it becomes a cherished extension of your home where you can unwind and entertain with ease.

BIOPHILIC *Design*

Biophilic design is a philosophy that aims to reconnect people with nature through thoughtful design in built environments. seeking to capture nature's essence in our living spaces.

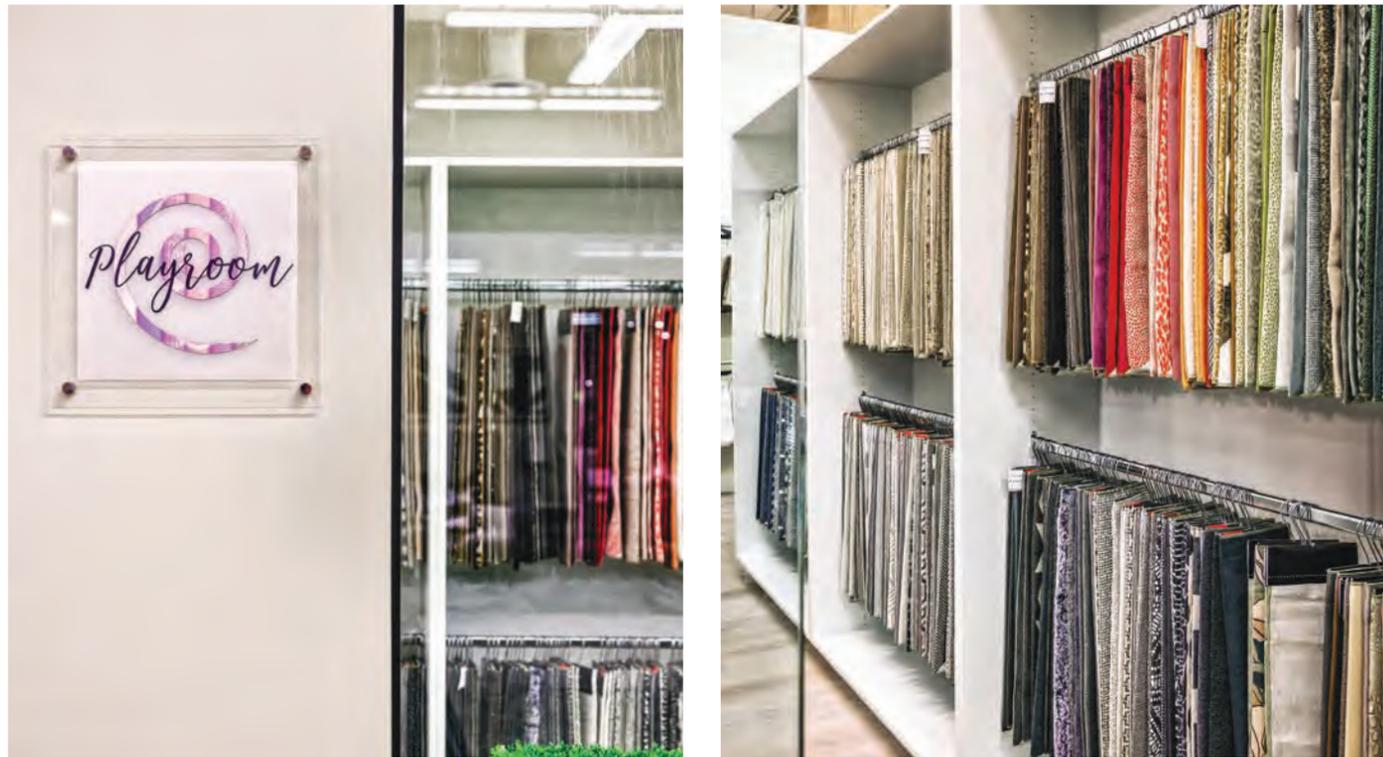

Picture interiors flooded with natural light, reminiscent of cascading waterfalls; textures that mimic the earth's diverse terrains; and shapes that mirror organic patterns.

The outcome?

A healing sanctuary. An inspiring workspace. By incorporating these elements, Biophilic design can evoke unexpected feelings of happiness and well-being. It reminds us of our connection to the natural world and can inspire us to live more harmoniously with it.

Biophilic design integrates artistry, psychology, and biology, creating living ecosystems in our spaces. And here's the surprise: This concept isn't a passing trend but rooted in ancient Greek aesthetics and architectural principles advocated by visionary architects.

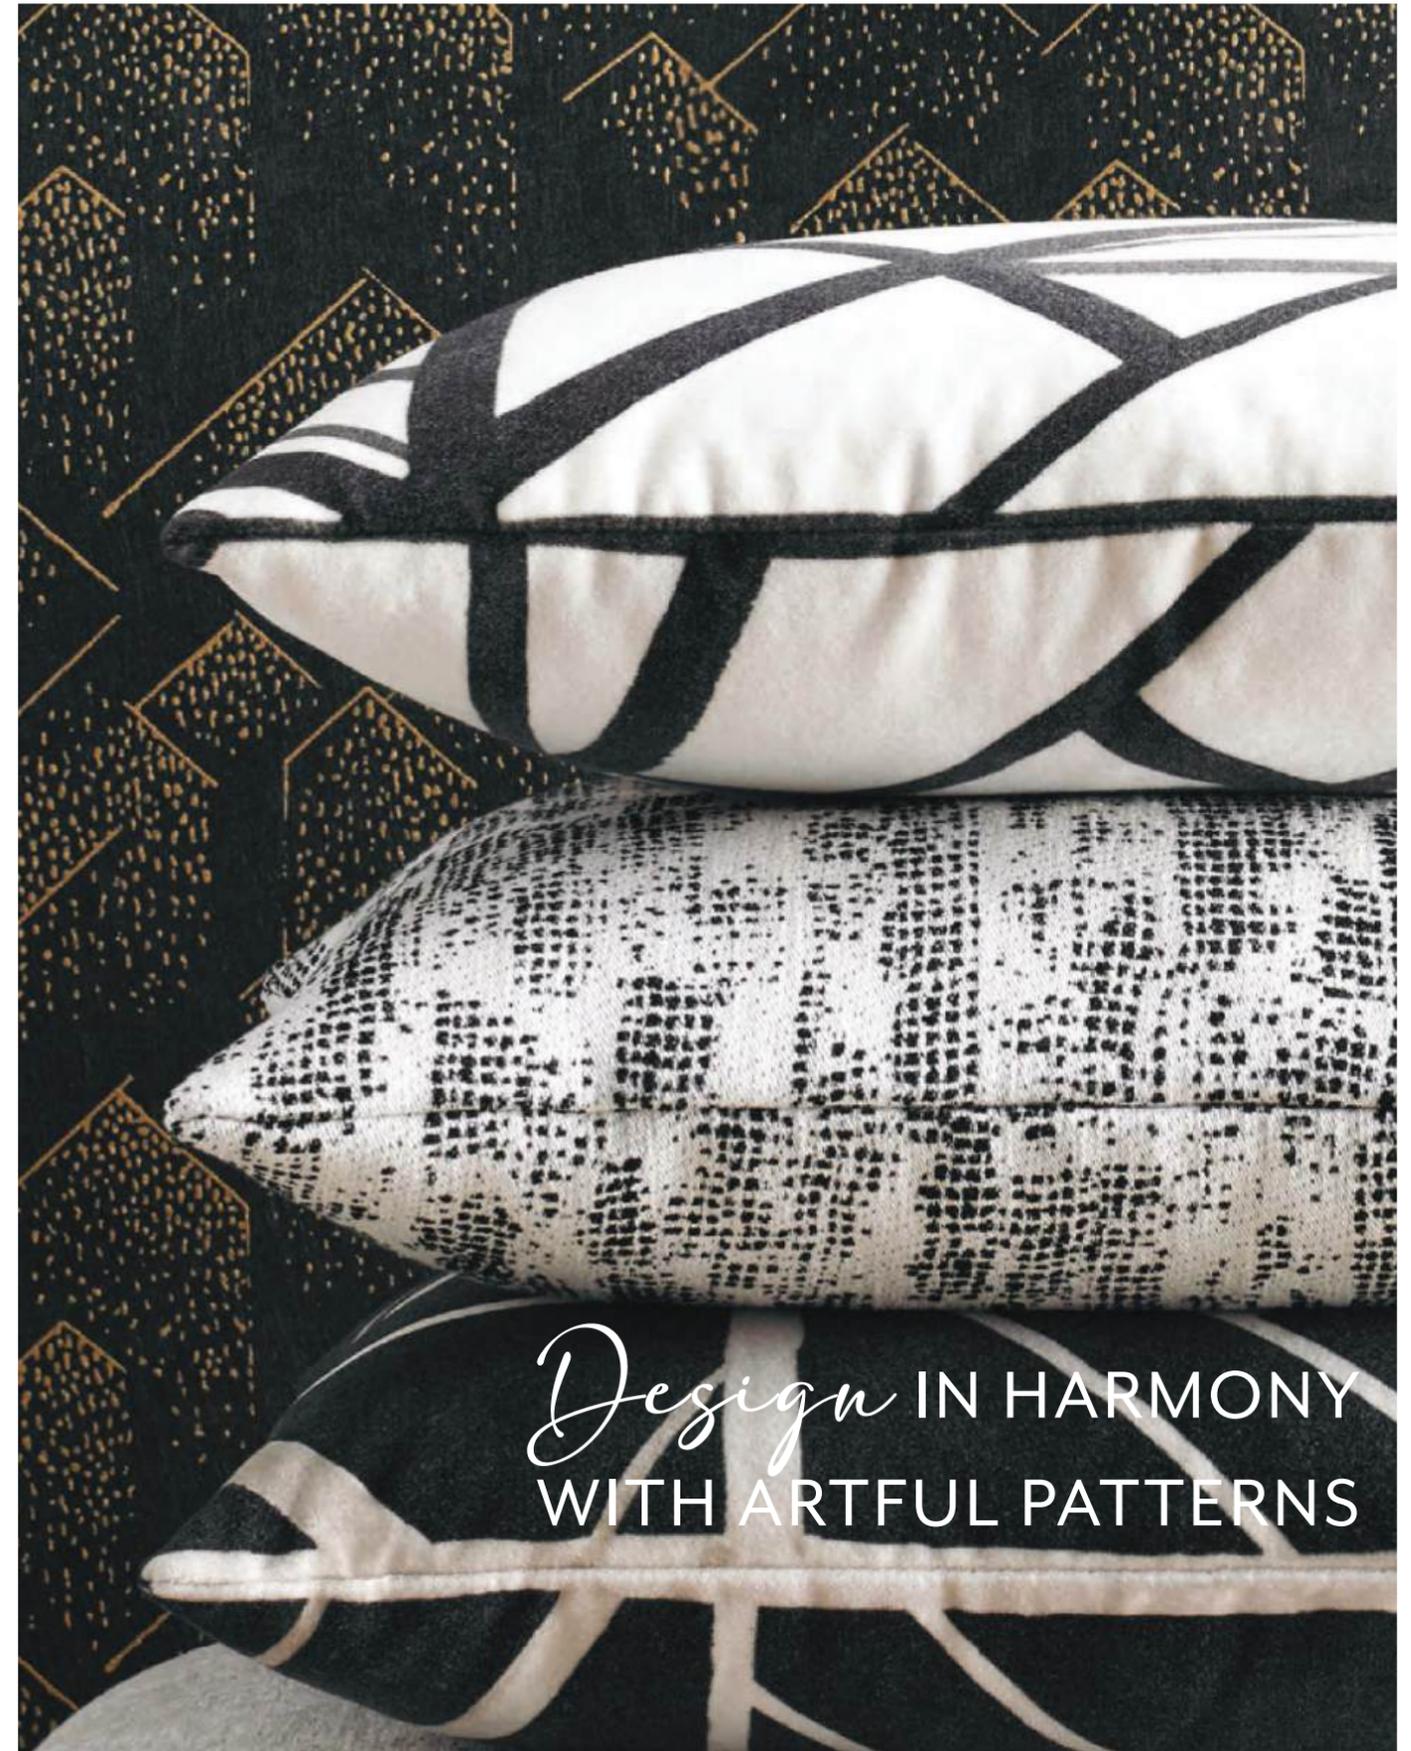

Already thriving, expect to see more indoor plants, living green walls, natural materials like stone and wood, and large windows to maximize natural light and reduce the barrier between the interior and exterior.

FABRIC PLAYROOM

Discover Luxury, Elegance, and Sophistication in Every Thread

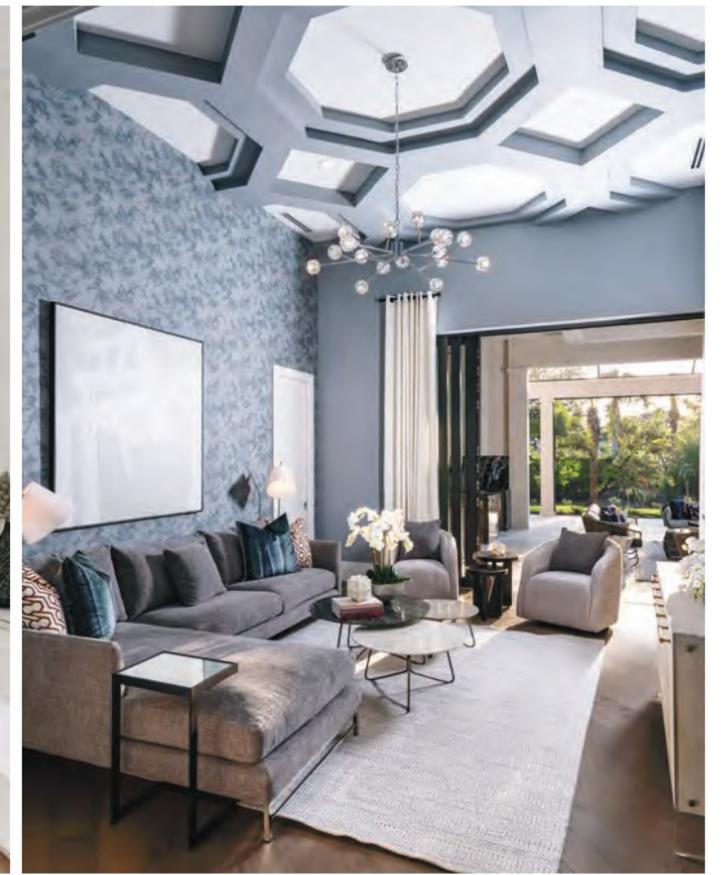

At Clive|Daniel Home, we invite you to come in and explore our fabric playroom which offers an extensive library of exquisite fabrics curated to fit every style and need. Additionally, we provide access to some of the most unique and exclusive brands in the industry, giving you the opportunity to incorporate rare and high-quality materials into your décor. Discover the perfect fabric at Clive|Daniel Home and transform your space into a haven of luxury and style.

Design IN HARMONY
WITH ARTFUL PATTERNS

ARTISTRY IN *design*:
WALLPAPERS AND DRAPERIES

ARCHITECTURAL DESIGN

Building Beyond Walls, From Blueprints to Crafting Dreams

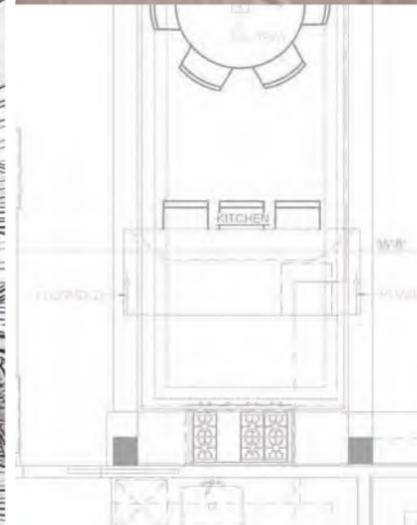

Architectural design transcends mere structural boundaries, creating spaces that harmonize both form and function. Building beyond the walls means envisioning environments that seamlessly blend indoor and outdoor living, enhancing the overall aesthetic and usability of a home. This approach requires a keen eye for detail, a deep understanding of spatial dynamics, and a creative vision that considers the entire landscape.

Working with an experienced interior designer with an architectural foundation is crucial. Such professionals possess the expertise to merge architectural principles with interior aesthetics, ensuring a cohesive and well-integrated design. They bring a unique perspective, recognizing the interplay between structural elements and interior design, resulting in spaces that are not only beautiful but also highly functional.

These designers excel in maximizing space, enhancing natural light, and creating flow between rooms and outdoor areas. Their comprehensive approach ensures every aspect of your home is thoughtfully designed, delivering a harmonious and sophisticated living environment.

Explore our extensive portfolio of design projects on our website and find endless inspiration for your next home transformation. Be inspired and let your dream space become a reality with Clive|Daniel Home.

FROM CONCEPT TO COMPLETION

Crafting Every Design Detail

Planning and providing visuals, renderings, and blueprints are crucial steps in turning a vision into reality. These tools help articulate ideas, ensuring clear communication between designers, clients, and contractors. Visuals and renderings give a tangible representation of the final design, allowing for adjustments before construction begins. Blueprints provide technical details, ensuring precise execution and avoiding costly mistakes. Together, they bridge imagination with implementation, ensuring the envisioned outcome is achieved seamlessly.

Crafting a customized wine wall is an artful blend of functionality and aesthetics. It involves meticulous planning, precision engineering, and exquisite craftsmanship to create a stunning showcase. From climate control systems to elegant display options, every detail is tailored to elevate the connoisseurs experience.

EXPANSIVE AMBIANCE
The vaulted wood beams in the central living area dramatically showcase the designer's intent to integrate organic elements.

PRIMARY RETREAT

In the primary bedroom, the focal point is the pristine white paneled and beamed ceiling, enhanced by discreet inset lighting. Two columns frame an alcove, where twin linen-upholstered armchairs provide cozy seating with a view of the pool. The bed, with its button-tufted headboard and organic cotton bedding, invites relaxation. Softness underfoot is provided by a geometric patterned rug.

CASUAL ENTERTAINING

The bonus room/family room features a custom-designed wet bar with warm fluted slatted wood details and a quartz inset, showcasing lit floating shelves. An ivory cotton/linen blend L-shaped sofa surrounds a captivating, coiled rope center table with a stone top. This seating arrangement rests on a striking abstract wool and silk rug, adding boldness to the space.

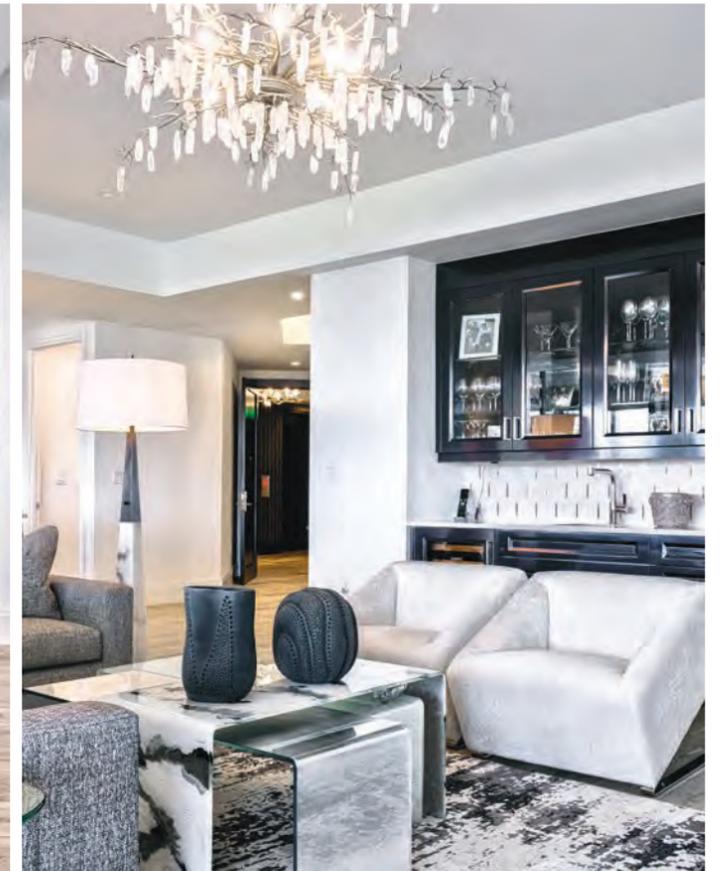

COASTAL CHIC
Meets Timeless Serenity

MONOCHROMATIC OPULENCE

Perfect Balance in black and white

This ambitious project spanned a year-and-a-half in the making, and free from budget constraints. Located on a fifth-floor condominium, it involved intricate architectural challenges, especially in space reconfiguration. By combining two of the four bedrooms, the master suite and closet were expanded, creating a luxurious retreat. The project required relocating four major walls and rerouting plumbing systems, with floors meticulously x-rayed for precision.

The transformation extended to every room, each crafted with bespoke detailing. The living spaces now exude refined elegance, featuring custom-built elements that enhance both functionality and aesthetic appeal.

This project highlights the dedication and expertise needed to overcome architectural challenges and seamlessly integrate design elements. The result is a breathtaking condominium epitomizing modern sophistication and timeless elegance, setting a new benchmark for luxurious living in high-rise residences.

NEO-CLASSIC
A New Take On Timeless Design

Successful design projects thrive on teamwork, trust, and embracing bold ideas. The new homeowners envisioned a blend of classic, stately, and modern architecture, focusing on the trending “Bookshelf Wealth” style to add coziness and character through layered authentic details.

Closely collaborating with the homeowners every aspect of the design was customized to the homeowners taste. Together they designed and crafted a state-of-the-art kitchen, paid meticulous attention to every room, including primary, guest suites, feature walls, hidden passageways, dual offices, a grand staircase, a dog wash station, and outdoor living spaces.

The custom staircase at the front entry exudes classical sophistication with arched balusters and hidden storage under the staircase with a concealed passage door. A 6-foot chandelier with oval shapes echoes the balusters, adding a modern touch.

The great room showcases a sophisticated wood accent wall with Neolith’s Abu Dhabi White stone and a 100-inch fireplace. This design seamlessly flows into the kitchen and dining areas, featuring and carrying the same stone onto the countertops and backsplash.

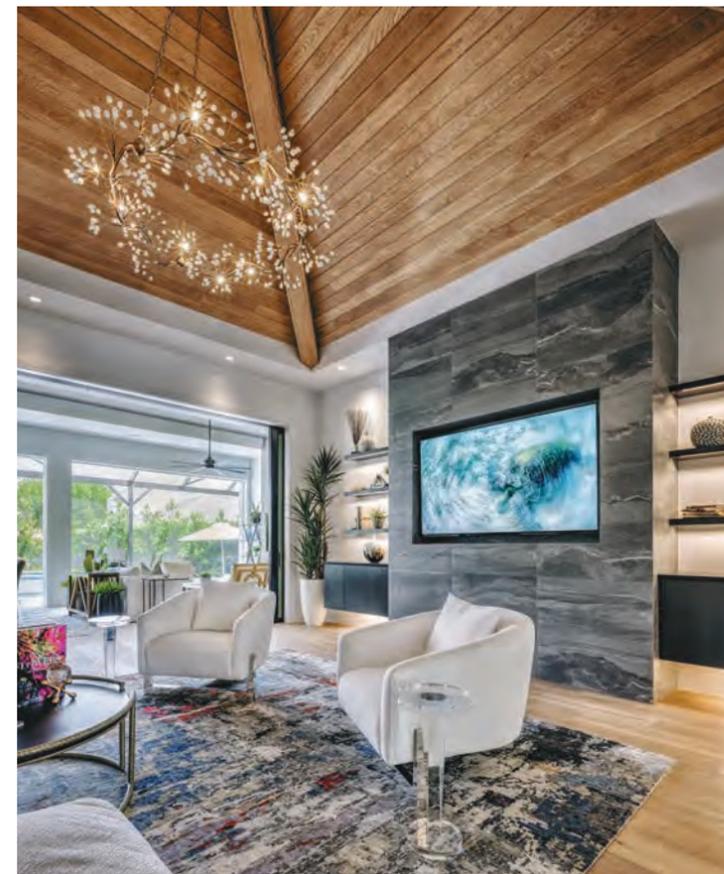

MODERN ELEGANCE

Sophisticated Lighting & Dramatic Features

This project, undertaken for a repeat client, set high expectations for the interior designer to deliver innovative and creative solutions. The primary focus was elevating the home's architectural surfaces to new heights.

The designer introduced large-scale elements to showcase inventiveness, including a triple-tier drop ceiling, staggered wood accent walls, slatted apron walls, and double light fixtures, all contributing drama and impact to the space. Each room, including the bathrooms, features a standout wall or unique element that draws the eye.

With careful consideration of structural integrity, given the weight of these elements and ceiling heights, and modifying materials to maintain the sense of scale while ensuring seamless installation. The result is a stunning modern retreat, characterized by opulent lighting and rooms rich in textural interest.

Luxe KITCHENS
THE HEART OF THE HOME

BEAUTY OF *black*

“The timeless aesthetics and performance of the La Cornue® range immediately sets the tone in this kitchen design. Used throughout the world by many professional chefs and knowledgeable amateurs for exceptional culinary possibilities.”

Using black in kitchen design adds a touch of sophistication and timeless elegance. Black cabinetry and counter-tops create a striking contrast against lighter elements, enhancing visual interest and depth. This bold color choice exudes a modern, sleek aesthetic while remaining versatile enough to complement various design styles, from contemporary to traditional. Black surfaces can also highlight textures and finishes, making materials like marble, wood, and metal stand out. Additionally, black is practical, concealing minor stains and imperfections better than lighter colors. When paired with strategic lighting, black kitchens can feel inviting and warm, making them a stylish and functional heart of the home.

MADE IN AMERICA

BESPOKE AUTHENTICITY

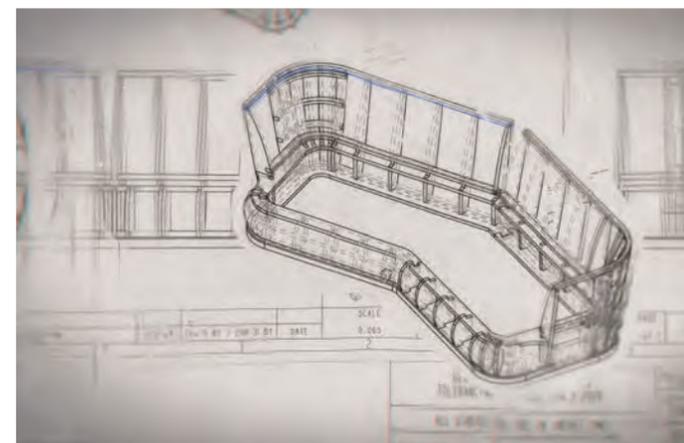

MASTER CRAFTSMANSHIP AMERICAN MADE

Beyond the mere retail experience, we define ourselves and embody the essence of design —imbued with passion and unwavering dedication. At our core, we specialize in crafting exclusive furniture pieces under our private label. Located in Hickory, NC, our factory serves as the heartbeat of our operation, meticulously manufacturing the bespoke Clive|Daniel Home upholstery that epitomizes our brand.

We take immense pride in the intricacies and meticulousness embedded in every piece of furniture we create. While these details may not always be apparent on the surface, they constitute the very essence of our custom upholstery shop's ethos: *true craftsmanship lies within.*

When you choose us, you're not only selecting furniture; you're embracing a commitment to quality and authenticity, proudly designed and made in America. We invite you to discover the difference that attention to detail makes at our showroom, where each piece tells a story of craftsmanship and passion.

A SEAT FOR EVERY *Style*

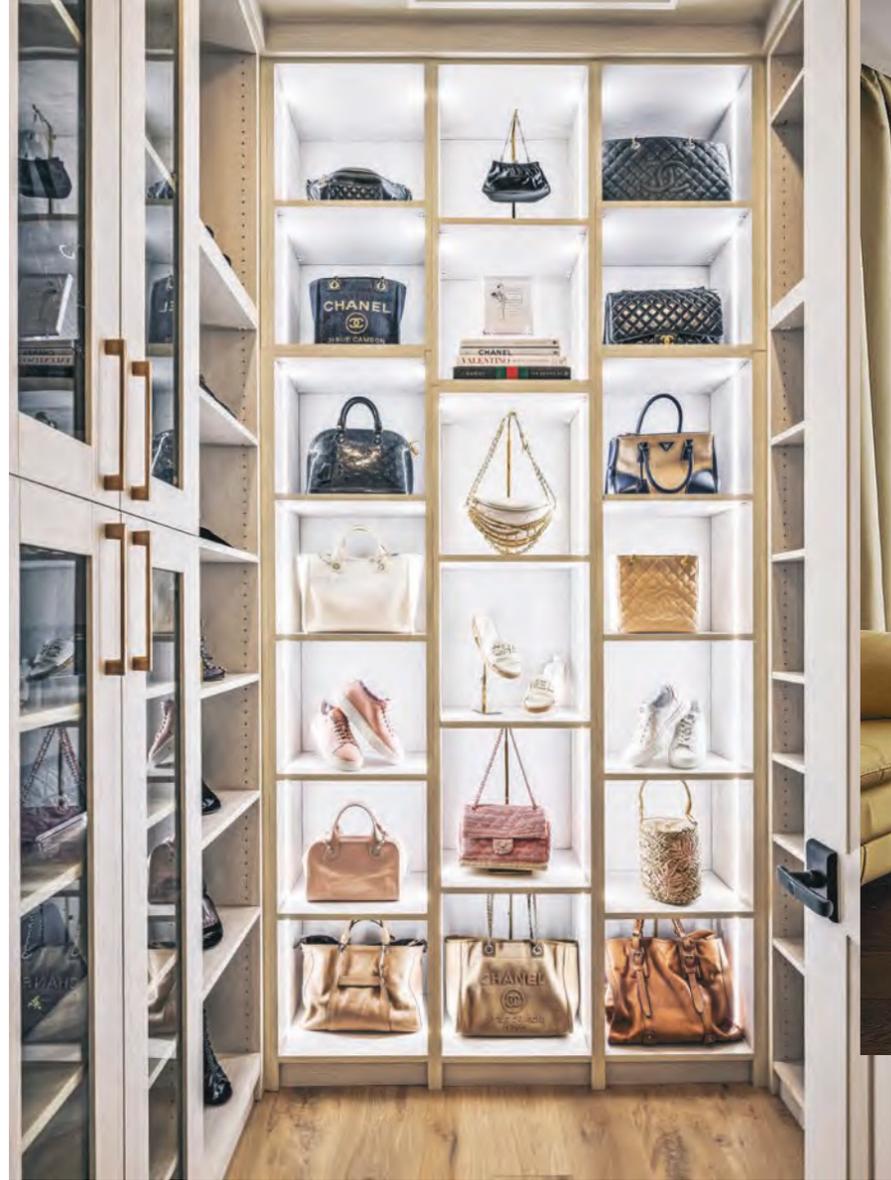

TAILORED TO YOUR TASTE

Discover the ultimate in chair customization with our extensive range of fabrics and finishes. Tailor each chair to your exact preferences, selecting from a myriad of luxurious materials and stylish finishes. Whether you desire a bold statement or a subtle touch, our options ensure your chair will reflect your unique taste and complement any décor.

CLOSET *Chronicles*

In the dynamic world of interior design, closets have undergone a remarkable transformation. Once considered merely utilitarian spaces for clothing and accessories, they are now emerging as dynamic lifestyle hubs. This evolution represents a shift in design thinking, where functionality harmonizes with creativity.

Closets now reflect our multifaceted lives, housing not just garments but also personal style expressions. From curated accessories to artworks, they've become extensions of individuality. These spaces offer intimate settings for daily routines, where mirrors reflect outfits and aspirations. Function and aesthetics blend seamlessly, making closets integral to holistic living, fostering creativity and personal expression.

BOUTIQUE-LIKE DISPLAY

Many extravagant closets now resemble high-end boutiques, showcasing clothing, shoes, and accessories with precision. Custom display cases and illuminated shelving contribute to a private shopping haven experience. These closets go beyond storage, becoming multi-functional retreats with seating areas, vanity stations, or private mini-bars. Luxury materials like high-end woods, marble countertops, and custom cabinetry, along with gold and silver accents, create sumptuous retreats with an atmosphere of grandeur.

DESIGN DRIVEN *Business Development*

Clive|Daniel Home leads the industry in collaborative business partnerships, providing unprecedented design and resources for today's most savvy real estate developers, investors, homeowners, and real estate agents.

Clive|Daniel Home's business development department is all about our community and the solutions and resources we can provide.

Our business development team brings exceptional solutions, value, marketing and creativity to all of the residential, commercial, and hospitality projects we collaborate on. With a team of over 90+ interior experts, sophisticated virtual technologies, in-house CAD specialists, and executive level project managers, we ensure our role in the development or redevelopment process exceeds expectations.

While all CDH designers are capable of executing an award-winning project, we know how important it is for there to be good synergy between the client and design team on a project—especially given that some projects can take as long as eight months to two years to complete. Over 90 percent of our business comes from referrals and developers experiencing first-hand the CDH difference. Our developer partners appreciate the economy of scale opportunities and substantive differences in working with a leader versus a small boutique firm.

Our Designed to Sell Program

Need some help with a problematic interior? Would staging or renovation best meet your needs? CDH knows how to bring directional design intent to fruition, capturing the essence of what a house can be visually to help it sell itself more effectively every time.

Our Realtor Rewards Program

Realtors are eligible to participate in our Realtor Rewards Program by registering their buyers with us. Once a sale is pending, we will issue a complimentary gift card for the buyer prior to closing. When they use their gift card in-store, their referring real estate agent earns up to 3% reward points through their qualifying purchases.

Our capacity knows no equal when it comes to interior resources and design. Whether it is background finishes, paint colors, furnishings, accessories, art, window coverings, or ceiling and wall treatments, we know how to take you through the complete design and construction process with flawless ID sets, leaving nothing to chance.

Our design services and business development teams are truly your best, local, and responsive business partner.

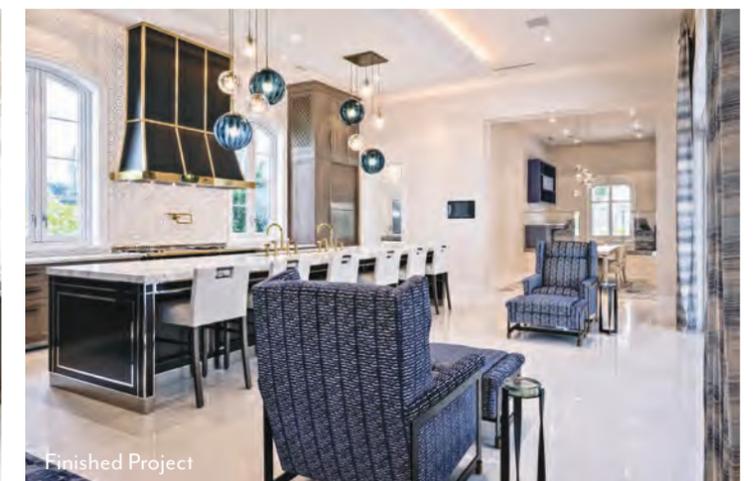

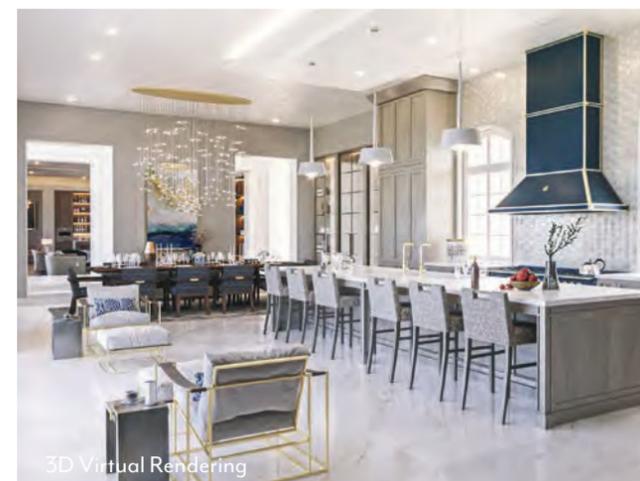

DESIGN TECHNOLOGY

Transforming Spaces with CDH-Tech Expertise

Providing exceptional design presentations is a high priority for both residential and commercial clients of Clive|Daniel Home. Just imagine what CDH-Tech can create to support your design needs!

THE ART OF THE *floor*

LET YOUR FLOORS *Speak...*

THEY HAVE SOMETHING BEAUTIFUL TO SAY!

Selecting the perfect rug for your space involves careful consideration of size, pattern, and texture, which can be a detailed and time-consuming process for both you and your Clive|Daniel Home designer. Despite the effort, the true beauty of a stunning rug lies in its ability to harmoniously unite a room's décor. Imagine the transformation a well-chosen rug brings to your space, creating a cohesive and inviting atmosphere. Rugs are more than just floor coverings; they are a wise investment, offering years of durability and aesthetic pleasure. The right rug not only enhances your home's visual appeal but also provides comfort and warmth, making it an essential element in any beautifully designed interior.

REmodeled IMAGINED

When the walls of your home start to feel like they're closing in, when the colors of yesteryear fade into memory, or when the layout no longer suits your evolving lifestyle, these signs indicate that it's time for a remodel. The reasons can be diverse: perhaps a growing family demands more space, your aesthetic preferences crave a modern update, or functional deficiencies are impeding your daily routines.

A home remodel breathes new vitality into your living spaces. It involves revitalizing outdated features, optimizing layouts for improved flow and functionality, and integrating modern amenities that enhance convenience. Furthermore, remodeling significantly boosts your property's value, increasing its appeal to potential buyers should you choose to sell in the future.

Yet beyond its practical benefits, remodeling is a chance to express your individual style, crafting a space that resonates with your personality and fulfills your specific requirements. With careful planning and expert guidance, a remodel has the power to transform your house into a sanctuary—a reflection not only of your past experiences but also of your aspirations for the future.

In essence, remodeling isn't just about updating your home; it's about creating a living environment that evolves with you, enriching your daily life and setting the stage for the chapters yet to come.

Best Renovated or Restored Single Home

COASTAL MAGIC MAKEOVER

Bringing Beachside Bliss to a Condo Overhaul

Transforming a condo from builder grade to total coastal chic involves a complete overhaul, embracing a fresh, sophisticated aesthetic. Start with installing stunning ceiling beams, adding architectural interest and a touch of rustic charm. Shiplap inlay creates a timeless, coastal feel, seamlessly blending with the overall design. Built-in cabinetry offers both functionality and elegance, providing ample storage while maintaining a sleek look.

The color palette is crucial—opt for a crisp white base, evoking a sense of tranquility and space. Accents of soft blue bring in the ocean's calm, while pops of vibrant orange add warmth and energy, creating a perfect coastal retreat.

COASTAL REVIVAL

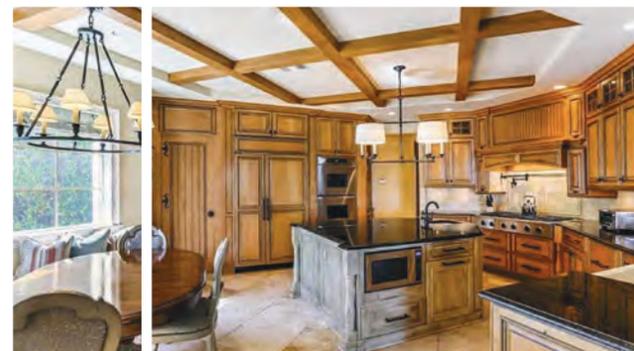

From Tuscan to Modern Waterfront Oasis

While the clients adored the home's exterior and its breathtaking waterfront location, they were less enamored with the Tuscan interiors. Desiring a cleaner, more contemporary, and uncluttered aesthetic, the remodel began.

Significant transformations are evident in the great room, where the designers replaced the ornate fireplace with a sleek, floor-to-ceiling porcelain fireplace wall, and installed a cascading chandelier that reflects beautifully at night. They also opened up the living area by eliminating the bar and Tuscan-style columns, creating a cozy, casual dining space. The kitchen and other areas received thoughtful updates and custom details throughout.

“Transforming Tuscan into contemporary, replacing ornate elements with sleek finishes and an uncluttered, modern aesthetic.”

KITCHEN REVITALIZED

From dated and dark, this kitchen has been transformed into a luminous space featuring a palette of white tones and rich textures.

GREAT ROOM REVAMP

From timeless traditional to sleek contemporary, the right colors, materials, and finishes can completely transform a space

HOSPITALITY DESIGN

Crafting Spaces, Creating Connections

Founded on the principle of providing world class results with exceptional service, Clive|Daniel Home has the ability to support hospitality and shared ownership clients imagine their perfect design and then turn it into reality with confidence and ease.

Our experts have worked around the world, from Asia to the Caribbean, the USA to the UK, and we understand the regional complexities in design, materials selection and installation so integral to your successful result. With experienced specialists in space planning, furniture design, product sourcing, custom manufacturing, shipping, importing and installation, there is no better partner for your project than the award-winning experts of Clive|Daniel Home.
